LOUISA, LAWRENCE COUNTY, KENTUCKY, APRIL 15, 1921.

M. F. CONLEY and E. K. SPENCER, Publishers

MONEY WILL BE SPENT ON ROAD TO BLAINE TOWN

The Fiscal Court has made an appropriation of \$95,000 to be spent on the road from Louisa to the Morgan and Elliott county lines by way of the town of Blaine. This is from the proceeds of the bond issue.

Proper surveys are to be made to avoid fatal errors in location. Changes in the old road at some places are imperative.

It is presumed that co-operation with the State road department will be sought by the officials. County Judge Billie Hiffer is authorized to employ a competent road engineer and in the event no other arrangement is made for a survey this authority will doubtless be exercised.

Other Roads to be Worked.

The court also appropriated \$2500 of funds already on hand to be used in repairing the following roads, work to start just as soon as possible:

Blaine-Louisa road, \$3000.
Blaine-Webbville, \$1000.
Louisa-Webbville, \$1500.
Little Blaine-Charley, \$700.
Louisa-Irad, \$1000.
Adams-Willbur, \$500.
Green Valley-East Fork, \$300.
Mouth of Georges Creek via Charley to Johnson county line, \$500.

The order provides that D. L. Thompson is to appoint foremen for these roads, with the advice and consent of the magistrate in whose district the work is to be done. Also, the order fixes the maximum wages at 50c per hour for foremen, 25c for men and team, 20c for man. Payment in cash the 1st and 15th of each month.

For the Point Road.

\$25,000 is the amount made available for the road from Louisa to the Martin county line, mentioned in this paper last week. This road is on the State map and therefore the department will expend the money.

Citizens to Work Roads.

The court made an order directing men from 18 to 50 years old to work six days in the year on the public roads.

Large Increases Made by County Equalizers

The county board of equalization completed its work last week. 899 persons were given notices of raises in their property values and most of them were here to combat the increases. The total raises and listing retained by the board amount to \$733,666.

FEUDIST SURRENDERS; ADHERENTS ARRESTED

Barboursville, Ky.—Surrender of John Bailey, fugitive slayer, and indictment of his father, William Bailey, brother, James Bailey, deputy sheriff George Perry, and partisan, John Lee, were developments in the revival of the White-Bailey feud.

John Bailey, who escaped after killing Beverly White, surrendered while a posse of deputy sheriffs and White forces was continuing its search.

He came here with a dozen armed adherents, and agreed to give himself up after Sheriff Black obtained an order to take him to the Harlan county jail. His bodyguard said they would die with their boots on before consenting to his being imprisoned here and exposed to an attack by White followers.

Sheriff Black, five deputies, and a number of Bailey men accompanied the prisoner to Harlan.

William Bailey was served with a warrant charging a conspiracy to murder Beverly White. Officers have come to Harlan to serve warrants on the two other indicted feudists.

REV. CARSON TAYLOR IS IN ALABAMA

There is peace and good cheer in the home of the Rev. Carson Taylor, Louisville.

A telegram received Friday from Rome, Ala., is the reason. The peripatetic evangelist announced that he was well and conducting an evangelistic campaign in the Second Baptist Church of that town.

Mr. Taylor said he had learned his absence had caused worry to his family. He said he had written to his wife, but had not received letters she sent to him. Mrs. Taylor also failed to receive her husband's letters. Louisville Times.

Violence Renewed in Mingo Coal Field

Williamson, W. Va.—N. H. Atwood and James Overstreet, two of twenty-four defendants in the Matewan battle cases, and Charles Whiteman and Arnold Umbarger, said to be non-union miners, were arrested at Matewan by State troopers, following a fight at the railroad station. Atwood's threat was cut badly.

The fight was the result of a controversy over the industrial situation in Mingo county. A miners' strike has been in progress in the region since last July.

Reports have also been received that an automobile in which Ray Hope, William Hamilton, and James Perdue were riding from Matewan to Red Jacket had been fired upon by unidentified persons. The occupants escaped injury. Hope and Hamilton were summoned by the State as witnesses in the Matewan battle trial.

Sid Hatfield, who was principal defendant in the trial, has been succeeded by Garret Bengers as chief of police of Matewan. Hatfield's term had expired, but no reason has been learned why the town council failed to reappoint him.

COUNTY OFFICERS SALARIES RAISED BY FISCAL COURT

The Lawrence Fiscal Court has increased the salary of the County Judge from \$300 to \$1200 per annum, to become effective next January. The law does not permit a salary increase to apply to an official already in office. This increase is smaller than was generally expected, but should help the situation considerably.

The salary of the County Attorney was increased to \$1000 per year. This will become effective at the same time as the other.

The duties of these officials has grown very considerably and with a large road building program ahead of us there will be heavy demands upon their time. While the salary is not large enough to attract men solely for the compensation, there is great opportunity for valuable public service.

Well performed, this service will stand as a monument for the official. It is an opportunity worthy of the best efforts of a solid business man. But to the man who does not measure up to the job the office will be a "millstone about his neck."

MOORE-SAMPICH.

It will come as a surprise to many of the friends of Miss Corda F. Moore, of Ashland, to learn of her marriage April 7 to Mr. Wm. Sampich. The ceremony which was intentionally very simple, yet beautiful, took place at the Century paragon, Brother I. N. Pannin officiating.

Miss Moore was becomingly dressed for the occasion and travel. She will be remembered as a Sandy valley girl and was a very active teacher, having served in that capacity for the past three years in the Oakview schools, Ashland. She has endeavored herself to the best of all whom she has been associated with.

Mr. Sampich is a young energetic business man of Detroit, where the young couple will make their future home. Their many friends join in wishing them a long, happy and successful life. A FRIEND.

ROAD CONTRACT BY JUNE FIRST

The State Road department is working as rapidly as possible to get the Mayo Trail through Lawrence county ready for letting by the first of June. Bridge plans must be completed before the work can be advertised. It is very important to close a contract before July 1st, so as to get the federal government contract and bound to lay Mayo Trail project with funds already on hand to be placed before that date.

Once committed the government will carry out its part of the entire project.

No money has been appropriated by Congress for the fiscal year beginning July 1st, as the proposition was defeated the latter part of February.

Therefore only those projects that get started with the funds now in hand have any assurance of Federal aid.

By letting a contract on the Lawrence county portion the government will take care of the counties farther up the valley on the same basis, as this is a part of the same project.

Mr. Green Garrett, of the State Road department, is going to Washington to fight the Townsend bill, which proposes to change the plan of Federal aid so that each State would get help on no roads except one running north and south and one east and west through each State. This would take away from Kentucky a great deal of money that she expects to get for several roads under the present law for federal aid.

The Mayo Trail would not be effected if the contracts for this county be let before July 1st, even if the Townsend bill should be passed. But the danger of losing out for the two reasons set forth above is causing the State department to push the work with all possible haste.
